

Home Learning Folders

Dear Parents and Carers,

In order to provide the best possible outcomes for children who attend CHUF, we recognise the importance for 'shared learning' in Partnership with parents.

Inside the setting you will find **Home Learning Folders**. These contain a range of stories, activities, games and challenges based around the Early Years Curriculum and the 7 areas of learning which are: Personal, Social and Emotional, Communication and Language, Physical development, Literacy, Mathematical development, Understanding the world and Expressive Art & Design.

These Home Learning Folders are there for you to take home and play or read with your child. Please just use the 'sign out' and 'returned' form when you do. Thank you!

Please use the 'parent observation' function on the eylog to upload any photos and/or comment on how the activity went. This can then be added to your child's learning journey.

These activities can be used to link in with your child's Next Steps.

We hope you enjoy learning together.

Thank you!

The CHUF ladies
